GOOD HEALTH AND WEALTH IN A YEAR THAT'S GREAT IS OUR WISH FOR YOU IN 5778

We've traveled all year in all kinds of weather,
Sometimes alone and sometimes together.
Now it's time to look back and cover the bases
And see who went where in so many places.

Esther's writing and various posts
Took her up and down the California coast.
She traveled to Warsaw, Krakow and Nairobi
And visited the birthplace of Obi-wan Kenobi.

Jack and Penina hosted the seder,
Then off to Italy and the States three months later.
Criss-crossing the continent north, east, south and west
They got a vacation but had minimal rest.

Gil spent a month of his summer in camp
With friends old and new, playing sports like a champ.
Dov was surrounded by family faces,
Touring wineries, Florida and Bay Area places.

Simmy's work travels can be quite exhaustin'
He traveled to Montreal, L.A. and Austin.
Lani excelled in new home decoration
And managed to squeeze in a Vegas vacation.

The Kustanowitz sisters all got a new start
Julia at sleepaway camp for song, dance, and art.
Ella's a student now as first grade begins,
And Susie's in a big bed, sharing giggles and grins.

Al and Aviva answered the call
To bring Jewish humor to old Montreal.
By the end of the show, with a final Shalom
Lots of funds had been raised for Magen David Adom.

We're facing a whole month of praying and eating
But we can't overlook the importance of greeting
Our families and friends with lots of good cheer
And a wish for a happy and healthy New Year.
