Vol. XXXI No. 2

Fair Lawn, New Jersey

September 9, 2018

A HEALTHY YEAR AS SWEET AS WINE IS OUR WISH FOR YOU IN 5779

It's been a full year of work and vacation
From East Coast to West Coast, we've traveled the nation.
As we start a new year, it's time to recall
What we all did last winter, spring, summer, and fall.

Esther kept writing her way through L.A.,
Covering Jews and Comic-Con for a day.
And to prove that her love for sci-fi is no fluke,
She met actor Mark Hamill (or to Star Wars fans, Luke).

A Bar Mitzvah in Israel was quite the big scene,
As the family arrived to see Gil turn thirteen.
Penina and Jack kvelled from a.m. to p.m.
Greeting their guests at the Israel Museum.

After joining the ranks of Bar Mitzvah speakers,
Gil focused on wearing out basketball sneakers.
Now photography, music, and video production
Should provide a diversion from eighth grade instruction.

Dov visited beaches and made a big wave.
Trained a dolphin in Florida...boy, was he brave!
After fishing and biking in sun and in shade,
Now he's back home and starting fifth grade.

Kalahari! And Disney World! And Long Island waters!
Simmy and Lani frolicked with their daughters.
They got through the summer with lots of sunscreen
And celebrated anniversary number 15.

A super-hot summer could not put a damper
On Ramah's *ruach*-filled Kustanowitz campers
Ella and Susie at Nyack, and Julia in Wingdale
Came home to end summer with a successful bake sale.

Al and Aviva drove back and forth
In Florida (south) and Montreal (north).
But actually most of Al's mileage has been
Traveling between Fair Lawn and (NJ) West Berlin.

With Yom Tov ahead, we wanted a greeting
Apropos to this season of praying and eating.
And so let us lift up our grape juice and wine
With wishes of health for 5779.
